

Long Island Foundation For Education & Sports

Program Description

The Long Island Foundation for Education & Sports is excited to bring the game of tennis to Bethpage Community Park. LIFFES is an organization of community based tennis programs dedicated to introducing all children to lifetime sport...tennis! Our mission is to empower all children with an instructional and play based tennis program. Our staff is trained by United States Tennis Association Coaches and has the experience to provide a quality experience for your child. LIFFES youth Team Tennis League offers all children the opportunity to play on teams in a league that emphasize fun, friends and fitness. Our youth team tennis league provides a pathway for children to prepare to play tennis on a school team. Teams are organized to match children by age and ability. With the United States Tennis Association QuickStart games based tennis program... it's easier for children, we changed a few things...the court sizes, the racquet sizes, the balls, the scoring system and even the net height. This tennis format is tailor-made for kids. For more experienced players we will place them in more advanced groups each week. Plus, just like other popular sports, this format stresses the importance of play and team competition. Our indoor tennis programs start in October ... for more information, check our website at www.liffes.org.
